

DEAFBuzz.biz

Your Deaf Community. Anywhere.

A Message From the Founder

Dear Partnership Interest,

Thank you for taking the time to explore this opportunity. My name is Jennifer Friede, and I am the founder of DeafBuzz.biz, an early-stage platform created to support, promote, and elevate Deaf-owned businesses, Deaf creators, and the Deaf consumer community.

The Deaf community deserves a platform where visibility, accessibility, and representation are embedded, not added as an afterthought. DeafBuzz.biz is working to solve that gap. While still early in development, this is the moment to bring in valued partners who believe in inclusion and want to collaborate in meaningful ways.

I bring my lived experience as a Deaf professional, combined with more than a decade of expertise in digital media, copywriting, marketing, community communication, and nonprofit collaboration. My goal is to lead the marketing and community operations, while partnering with an organization that can support the technical development and infrastructure needed to bring this platform to life.

Your support would make a tangible difference. Together, we can build an accessible, sustainable ecosystem that serves the Deaf community for generations to come.

Warmly,

Jennifer Friede
